

Sea Breeze Mobile Home Park

Septic System Protection Notice

Our community uses a shared septic system. To prevent clogs, backups, odors, and costly repairs, it is critical that only approved items are flushed.

DO NOT FLUSH:

-  Wipes of any kind (including those labeled “flushable”)
-  Paper towels, tissues, and napkins
-  Baby or adult diapers
-  Feminine hygiene products
-  Cigarette butts
-  Cat litter (including “flushable” varieties)
-  Grease or cooking oil
-  Hair, dental floss, or bandages
-  Plastics of any kind
-  Food scraps or leftovers
-

SAFE TO FLUSH:

 Toilet Paper and  Human Waste only

Why This Matters: Flushing unapproved items can damage the septic system, leading to sewage backups, emergency pump-outs, and significant repair costs shared by the community.

Thank you for your cooperation in helping keep Sea Breeze clean, safe, and operating properly.
