

We want to share that our Office Manager, **Brasilia Cram**, will be leaving her position effective **July 30, 2026**.

Brasilia and her husband have purchased a home about two and a half hours north, and they are also excited to welcome their second child. While we are sad to see her go, we are thrilled for her and her family as they begin this wonderful new chapter.

During her time at Sea Breeze, Brasilia has been an incredible asset to our community. Her professionalism, organization, kindness, and willingness to go above and beyond for our residents have made a lasting impact. Whether assisting homeowners, supporting the Board, or helping keep our office running efficiently, she has done so with a positive attitude and genuine care. We are truly grateful for her dedication and the many contributions she has made to Sea Breeze.

In the meantime, **Vicki** has graciously agreed to cover the office until the Board returns, ensuring everything continues to run smoothly for our residents. We sincerely appreciate her willingness to step in and help during this transition.

Please join us in thanking Brasilia for everything she has done for Sea Breeze and in wishing her and her growing family health, happiness, and every success in the future. She will certainly be missed!
